

Talent Stimulants

Igniting Minds...

Education Lounge. The Vedic Way.

BENEFITS

- Deeper understanding of the subjects, self-motivation to learn and less need for memorizing.
- Rapid-reading and Vedic Maths skills give agility to the brain and grasping power increases.
- Enhanced overall social, cultural and economics consciousness.
- Better understanding of the practical applications of concepts and co-relation across various subjects.
- Need based help during non-class hours on selected topics for the students.
- Clear advantage in competitive exams like NTSE, KVPY, Olympiads that follow the NCERT curriculum concepts.
- Improved ability in logical and analytical reasoning, which is major part of exams like CAT, CET, JEE, GRE and GMAT etc.
- Coverage of the NCERT recommended topics that might be missing for the State Board students.
- Improved self-confidence at all levels and situations.

EMPOWER TO SUCCESS – PREPARE YOUR CHILD FOR THE CHALLENGES OF FUTURE

We all are aware that our children are growing up in a highly competitive world. As a parent, we want the best for them and help facilitate that every possible way that we can. But are we doing it at right time and in right way?

Currently we feel that more stress is provided on curriculum based coaching and additionally the students go through various personality development programs. The analytical ability and co-relation of the subjects are ignored to some extent, at least not until class IX or X.

The need of today's world is to groom and nurture the child so that she (or he) feels empowered to face such challenges and pressures, both academic and non-academic.

At Talent Stimulants (TS), the talent and personality development of the child starts as early as class V. It is an integrated coaching where the students are not burdened by the revision of curriculum, rather the fundamentals are made strong and their mental ability sharpened which empowers the child to easily adapt to any competitive exams in future.

AVAILABLE PROGRAMS

There are two programs:

TSJr – For Class V and VI Students

TSSr – For Class VII and VIII Students

Schedule – Two days per week, choose from morning or evening batch

Duration – Two hours

Max. Students per class – 15

High level topics –

- Economics (with real world scenarios)

ANALYTICAL & LOGICAL REASONING

- IQ Tests
- Sample Simplified Tests
- Brain fitness
- Puzzles
- Games

RAPID-READING

- Techniques
- Practice
- Library

TEACHING METHODOLOGY

TS Presents

“Co-relation of Concepts” based pedagogy scientifically developed using SIPOC six sigma tool by QAAgility Technologies, the academic innovation wing of TS.

What is CorC?

CorC (Co-relation of Concepts) is a unique TS teaching methodology that uses module based approach to various areas, both academic and non-academic to help you understand and relate to different concepts and apply the knowledge in all situations.

We do not train, we mentor the child based on the specific individual needs. We also stress on the fact that the atmosphere in the class is tension-free, tranquil, jovial and stimulating. We encourage the child to participate and help eliminate any inhibitions.

The program is designed to feed to their natural curiosity and demonstrate to them that even complex topics can be fun. This enables the child to have a holistic understanding with rock steady foundation, while strengthening the value system.

Our mode of delivery has strategic usage of multimedia content and we do not discourage watching TV program, movies or DVD-ROMs. We recommend the TV programs and movies to be watched for the week which become part of our role playing and group discussions exercises.

A Typical class

1. Start of the day with Vedic chants (2 min.)
2. Yoga, Pranayam and Dhyana (5 min.)
3. Sharing of the activities from previous class (8 min.)
4. Basic concepts discussion and co-relation (30 min.)
5. Group Exercises (30 min.)
6. Mental Ability and Rapid Reading (30 min.)
7. Audio-Visual demonstration (10 min.)
8. Summing up the day (3 min.)
9. Close with prayer (2 min.)
